ABOUT

Sea Ray Spx 230

There's a lot to love about a 2023 Sea Ray SPX 230, especially one dressed out in a Horizon hull side color with Stone cockpit accents and Grey flooring – it's a clean, sharp look that turns heads cruising past the Somers Point docks. Power comes from a Mercruiser 6.2L MPI DTS stern drive putting out 300 HP, giving you plenty of punch to get up on plane quickly and carve across the Great Egg Harbor Bay without hesitation.

This SPX 230 is built for exactly the kind of day-boating Somers Point is known for. Running past Mother's Marina or along the channel toward Ocean City, the water sports tower with Bimini top gives you shade when you want it and a tow point when you don't, while the submersible swim step makes hopping in for a swim near Rainbow Channel an easy, no-hassle affair. The two bucket seats and Infinity Woven Vinyl cockpit flooring keep things comfortable and easy to hose off after a day in the sun.

Little details make a big difference on this boat, too. The flag pole and base let you fly your colors proudly as you idle past the Somers Point Bay Fest grounds, and the SeaDek swim platform with bow filler cushion means there's extra room to stretch out and relax once you've dropped anchor off Longport. Once the sun starts to set, the blue LED lighting package and premier stereo upgrade turn this boat into the perfect spot for an evening on the water, while the 9" digital dash with Mercury VesselView Link keeps all your vitals easy to check at a glance.

Whether it's a sunny afternoon run out toward the Ocean City inlet or a relaxed evening anchored near Somers Point, this SPX 230 is set up to make every outing feel easy and fun. It's a boat that balances performance and comfort in a package that's ready for whatever the Jersey Shore season brings.
