ABOUT

Shallow Sport X3

This 2025 Shallow Sport X3 is built for Houston anglers who want to go skinny and go fast. A single Suzuki 350 SS four-stroke outboard gets you up on plane and across the flats in a hurry, while the Garmin multifunction GPS chart plotter, Suzuki digital engine monitoring display, and hydraulic steering with electronic trim controls keep everything dialed in from the helm. The light blue hull and matching center console give her a clean, custom look on the water, backed by a white powder-coated aluminum T-top with tan canvas overhead to keep the Texas sun off your shoulders.

Launch out of Clear Lake or the San Jacinto River and this X3 is right at home working the skinny water that makes Houston-area fishing special. The elevated forward casting platform and stainless-steel bow-mounted casting table put you in position the moment reds start tailing in the flats around Galveston Bay or Trinity Bay, and the dual Power-Pole shallow-water anchor system at the stern lets you stick instantly and quietly, no splash, no spooked fish. With rod holders built into the T-top frame, behind the helm seating, and along the gunwales, there's room for the whole crew to fish the open forward and aft decks around spots like Redfish Island or the flats off Smith Point without ever feeling crowded.

When the bite slows down, the comfort side of this boat keeps the day going strong. The dual elevated captain and companion chairs and forward-facing leaning-post backrest are wrapped in premium tan marine upholstery with diamond-quilted detailing and dark brown accents, so long runs across Galveston Bay or up into the Houston Ship Channel stay comfortable. A Fusion marine stereo with JL Audio speakers placed throughout the boat means the music carries from the console all the way back to the aft cushioned seating.

Whether you're easing out of a Kemah marina at sunrise, poling the shallows near Bolivar Peninsula, or running the ship channel back toward the Houston skyline at the end of the day, this Shallow Sport X3 is built to handle it all with style. She's a purpose-built flats machine with just enough comfort to make every trip out of the Houston area feel like an event.
