ABOUT

Deo Juvante

LOCATION

Barcelona, Catalonia, Spain

Commissioned with a performance-first philosophy, DEO JUVANTE stands apart from standard "Med-spec" builds we see so often. Her configuration, featuring a Carbon mast and boom, full Dyneema rigging, and an extensive downwind sail wardrobe, was purpose-built for her successful global circumnavigation. She is a proven platform, thoroughly "de-bugged" through blue-water miles and maintained to a rigorous standard.

Her three-stateroom layout offers the signature Sunreef volume and privacy, centered around an expansive open-plan saloon and a master suite that remains the benchmark for the 60-foot class. Whether for oceanic exploration or luxury island hopping, her redundant systems and upgraded power infrastructure ensure a level of self-sufficiency and comfort rarely seen on the brokerage market.

Following the successful completion of her owners' circumnavigation and a fresh transatlantic migration, DEO JUVANTE is currently lying in Cádiz, Spain. She is offered at a highly attractive, market-tuned price to facilitate an efficient sale. This represents a rare, turn-key opportunity for an owner seeking a world-capable vessel without the lead times and pricing of a new build.

She is, quite simply, the most capable and cost-effective 60ft sailing catamaran on the water today, fully serviced, extensively upgraded and ready to go again!
