Sunseeker 95 Yacht

The Essence of Superyacht Luxury

This Sunseeker 95 Yacht is a privately owned, never-chartered vessel, maintained without compromise to superyacht standards since her launch. She represents the perfect balance between the presence of a 100-footer and the agility of a modern performance yacht, combining cutting-edge design, bespoke detailing, and effortless comfort.

Her sleek exterior lines and open-plan layout immediately set her apart, while the main deck master suite with split-level en-suite echoes the sophistication usually reserved for yachts over 40 meters.

The expansive flybridge offers a panoramic entertaining platform comparable to those of larger superyachts, with full wet bar, retractable hardtop, crane, and generous dining for hosting in true style. Inside, floor-to-ceiling glazing, high-gloss wenge finishes, and state-of-the-art AV systems create an atmosphere of refined elegance and space.

Powered by twin MTU 12V2000 engines (1,950 hp each) and equipped with Sleipner stabilizers, joystick control, and Atlas shore-power converter, she is built for long-range cruising in complete confidence. Her upgrades, watermaker with softener and polishing systems, three Kohler generators, fuel management system, and underwater lights, ensure she is absolutely turn-key and globally capable.

This Sunseeker 95 is a rare market opportunity: a yacht of pedigree, presence, and prestige, offering superyacht features in a highly maintained, private package.
