Sunseeker Predator 72 – 2006 Fully Refit 2025 – 600 Engine Hours – Ibiza Charter Potential

This Sunseeker Predator 72 (2006) represents a rare opportunity to acquire what is arguably one of the finest Predator 72s currently available on the market.

Presented in outstanding condition following a comprehensive 2025 interior and exterior refit, this yacht combines iconic Sunseeker performance with a fresh, contemporary finish that elevates her above comparable models.

Powered by the larger MAN V12 1550 HP engine configuration (2 x 1550 HP) with only 600 verified engine hours, she delivers exceptional performance while benefiting from improved fuel efficiency at cruising speeds. This upgraded engine setup not only enhances top speed (up to 34 knots) but also optimizes fuel consumption at her comfortable 24-knot cruising speed.

2025 Refit Highlights • Full interior and exterior refit

• Brand-new teak decking throughout

• New exterior cushions and sunpads

• Refreshed main salon with upgraded upholstery and lighting

• Electric opening hardtop

• Updated finishes and modernized interior ambiance

The result is a yacht that feels significantly newer than her build year and stands out as one of the best-presented Predator 72s currently for sale.

Layout & Comfort She accommodates up to 6 guests in 3 elegant ensuite cabins, plus a separate crew cabin with independent access for complete privacy. The lower deck layout is practical, comfortable, and ideal for both private cruising and charter operations.

The cockpit offers generous seating, a social dining area, wet bar, and seamless access to the hydraulic swim platform — creating the perfect Mediterranean lifestyle setting.

Performance & Equipment • Twin MAN V12 1550 HP engines – 600 hours

• Cruise speed: 24 knots

• Max speed: 34 knots

• Bow thruster

• Raymarine navigation suite

• Generator

• Air conditioning throughout

• Hydraulic platform

• Teak decks

• Fully equipped galley

• WiFi system

Charter Potential – Ibiza An exceptional added value:

This yacht can be offered with the possibility of charter operation in Ibiza, including berth availability and full management support. This makes her not only a luxury lifestyle acquisition, but also a strong commercial opportunity for buyers seeking revenue generation in one of the Mediterranean's most in-demand charter destinations.

This Predator 72 combines low engine hours, a major refit, high-performance engine configuration, and commercial potential — positioning her as one of the most compelling opportunities in her segment.

Viewings are highly recommended.
