ABOUT

Long Way Round

LOCATION

Sotogrande, Cadiz, Spain

LONG WAY ROUND is a 2015 Model launched in June of 2014 and delivered in October 2014. It is built to UK and European specifications. Built with Factory Option Arneson Drives, this rarely available model 68 Sports Yacht is amongst the most ecologically friendly boats on the water today. With a fuel efficiency of up to 30% greater than the common shaft drive model, the boat operates more efficiently at both slow displacement speeds and high planning speeds of up to 44 knots. This allows high-speed cruising over long distances at a far lower cost and ecological impact than the common shaft drive version, whilst maintaining excellent stability and comfort.
