ABOUT

Tiara C49 Coupe

LOCATION

Seattle, Washington, United States

This 2019 Tiara C49 Coupe is a beautifully presented, highly equipped example of Tiara's sophisticated sport-cruising design. With approximately 360 hours on her main engines and 550 hours on her generator, she offers an appealing combination of refined accommodations, entertaining space, and confident performance.

Her striking painted hull and exceptionally well-kept presentation make an immediate impression. A spacious cockpit and aft deck create a natural setting for entertaining, while the powered sunroof, opening side windows, and large sliding salon doors bring fresh air and natural light into the main living area. Quality supple upholstery, carefully maintained woodwork, and a clean, considered finish throughout.

The cockpit is designed for relaxed days on the water, with comfortable seating, a high-gloss teak table, Fusion audio controls, JL Audio speakers, an electric grill, and generous storage. A hydraulic tender-handling arrangement makes launching and recovering the 2022 Highfield tender straightforward. The tender is described as having an electric outboard and battery packs. A large powered-opening lazarette provides substantial additional storage, with power available inside; it is well suited to stowing bulky gear, subject to the owner's preferred setup.

Inside, the central galley is generously equipped with a two-burner electric cooktop, sink with disposal, microwave, drink refrigeration, multiple refrigerator/freezer drawers, and an ice maker. Broad countertop areas and abundant cabinetry make the space practical for extended weekends or entertaining aboard. Opposite, the salon offers a U-shaped lounge and teak dining table, additional seating, and a concealed television that rises at the touch of a button.

Below, the full-beam master stateroom is a standout feature, with a centerline berth, lounge seating, substantial hanging and drawer storage, and an ensuite head with separate shower. The forward VIP stateroom has its own berth and access to the shared day/VIP head, which can also be accessed from the landing. A washer and dryer are fitted, adding convenience for longer stays aboard.

At the helm, the dual seat, Volvo Penta joystick control, Garmin glass-bridge displays, integrated engine data, autopilot capability, and camera views support an intuitive operating experience. Volvo Penta Dynamic Positioning System (DPS), allows the vessel to hold position when engaged.

The engine room features twin Volvo Penta engines with lots of space to access all sides of the engine for servicing, a Seakeeper 9 gyro stabilizer, Odyssey AGM batteries, a Victron 3,000-watt inverter/charger and display, and a 640Ah Dakota Lithium house battery bank. Other noted equipment includes a isoboost transformer and an automatically activating heater for cold-weather protection. The generator is a Cummins Onan (13.5MDKDN-8140A) 13.5kW unit.

Additional highlights include a 2022 Highfield tender with electric outboard, inflatable fenders, Viking 8 person life raft (8UKSL-ISO 9650 – 1 GroupA) (not in service), stainless anchor and Lewmar windlass, sunpad, Infinity decking over diamond-pattern non-skid on the aft deck, cockpit fishing rod holders, and extensive storage. This C49 brings together comfortable cruising accommodations, practical systems, and an entertaining-focused layout in a package well suited to exploring Puget Sound and beyond.

Full specifications

OVERVIEW
