- Humphree stabilisation system
- Bow & stern thrusters (joystick control)
- Full Raymarine electronics suite
- Home automation (domotic) system
- Fully equipped Miele galley
- Berth available at Marina Botafoch, Ibiza
- Immediately available

OVERVIEW

The Vanquish VQ52 is one of the most distinctive and sought-after performance yachts in the European market. Custom-built in the Netherlands from marine-grade aluminium, it combines race-derived engineering with genuine onboard comfort — an instantly recognisable presence on the water.

This is a single-owner example from new, presented in excellent condition with just 370 engine hours. German-flagged, VAT paid and immediately available, with the option to secure a highly desirable berth at Marina Botafoch, Ibiza.

PERFORMANCE

Powered by twin Volvo Penta D13 engines driving France Hélices surface propellers, the VQ52 exceeds 45 knots with razor-sharp handling. Volvo Penta electronic throttles deliver instant, precise throttle response. The Humphree stabilisation system ensures comfort both underway and at anchor, while a minimum draft of 1.20 m makes her perfectly suited to the shallow anchorages of Ibiza and Formentera.

INTERIOR & COMFORT

The interior impresses with its space and quality of finish. Two well-appointed cabins, one bathroom with shower, and a fully equipped galley featuring Miele appliances, microwave, fridge and freezer. A home automation system provides centralised control of all onboard functions. Air conditioning, hot water and a Fisher Panda generator complete the domestic equipment.

ELECTRONICS & NAVIGATION

Full Raymarine suite including chartplotter, radar, depth sounder, GPS, autopilot and VHF. Integrated lighting control panel. Bow and stern thruster joysticks for effortless close-quarters manoeuvring. Everything installed, commissioned and ready to use.

YACHT MANAGEMENT & CHARTER

We offer a complete yacht management and charter service in Ibiza. We can advise on how to generate returns during the summer season — covering licensing, crew, and full operational support within the luxury charter market.
