1/2 BARREL is a 4-stateroom, 64' Viking, which has had only 2 owners since new. Powered by MTU 16v2000s the motors have had a significant update service in 2022. Note this vessel also carries the additional fuel capacity. Maintained by professionals, there has been good regular maintenance and two periods of significant upgrade in 2014 and 2023. Additionally, at the end of 2024 two brand new Kohler generators were installed. Sporting a proud Palm Beach full tuna tower with a clean foredeck she is recently out of the boatyard with new anti-fouling and running gear tune-up. A comfortable offshore ride, the larger engine package in this boat allows 25 knots at 1700rpm with relative economy or kick it up to 30+ knot cruise if wanted. A great fishing machine that's got mezzanine seating with newer refrigeration units, a new Eskimo Ice unit in mid-2025, and a teak cockpit deck updated about 5 years ago.

Available for showings in Jupiter, FL. Check out more details in the full specs following.
