2022 World Cat 296DC – Trailer Included

Extremely well-kept and well-equipped, this 2022 World Cat 296DC is ready for its next owner. Powered by twin Yamaha 300 HP four-strokes, she just received her 300-hour service in August 2026 and is being offered with a trailer included.

The 296DC combines the versatility and comfort of a spacious dual console with the ride and stability World Cat's catamaran hull is known for. The layout provides excellent deck space for entertaining, cruising, fishing, or spending a full day on the water, while maintaining a shallow draft and a stable, comfortable ride when conditions get rough.

The cockpit features comfortable aft-facing seating with safety handrails, a 25-gallon livewell in the port seat box, and a 125-quart fish box in the starboard seat box. Additional features include the low-profile hardtop and frame, well-designed helm and switch panel, USB outlets, bow courtesy lighting, and plenty of usable space throughout.

This particular 296DC was very well optioned and includes Garmin electronics with radar and autopilot, Siren Marine remote monitoring, outriggers, upgraded JL Audio, underwater lights, custom bow shade, upgraded upholstery, and more.

Whether you're looking to fish offshore, cruise with the family, hit the sandbar, or enjoy watersports, this 296DC offers a great combination of performance, stability, space, and versatility.

TRAILER INCLUDED.

Extremely well maintained. 300-hour Yamaha service completed August 2026.

This is one I would encourage buyers to come see in person.
